SPOTLIGHT ON OUR STUDIES

We learned to identify the numbers 0-20 and to cover pattern block designs in more than one way. We also learned about determining when something is full, half full, or empty.

We made valentine cats. We also decorated bags to put our valentines in.

We read several stories about Abraham Lincoln.

We learned about Jesus's first miracle at the wedding in Cana when Mary told the servers to do what Jesus tells them to do. We looked at pictures of children doing different things and decided if they were listening to Jesus, and, if they weren't, we talked about what they should do.
