

# Kindergarten Times

dheinemann@st-maryschool.com

October 13,,2017

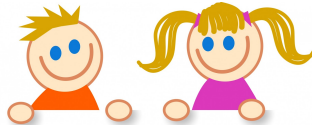

## SPOTLIGHT ON OUR STUDIES

- We met Miss E, who gets her sound from exercise.
- We practiced writing lowercase "e". This is a difficult letter to form. You may want to help your child with this letter at home.
- In math, we learned to sort by color, size, and shape and made AB patterns with our bodies and voices.
- We watched a video about the mission countries Korea, Kenya, Afghanistan, and Taiwan. We also made hats similar to ones some of the people in these countries might wear.
- Katie Paulek, from the Extension Office, did a presentation about Nutrition & Wellness. She will be coming to our classroom each month to do different activities with the children.

## Hat's Off To ...

**all of the  
Kindergarteners!!!  
They all know their full  
names, parents' names  
and phone numbers!!  
Many are still working  
on their addresses.**

## Help Wanted

We will be sending information about the Mission Carnival next week. If you haven't already so, please return the note about helping during the carnival. There will be many forms that will need to be filled out and returned. Please watch for these in your child's folder. If you have any questions, please do not hesitate to call or email me.

## Don't Forget

\*Kindergarteners do not receive report cards the first and third quarters. We will have parent/teacher conferences after each of these quarters are over.

\*\*If your child is having difficulty with his/her address and/or tying his/her shoes, please spend a few minutes each evening on this or any other skill that your child may need to work on.

## Upcoming Events

**Tuesday, Oct. 17 - coins needed for math due**

**Thurs, Oct. 19 - Donuts for Dads before school in the cafeteria from 7:15-8:05**

**Fri, Oct. 20 - Jeans Day & the end of the first quarter**
