

How to sign up for Kroger Community Rewards Program

1. Have your Kroger Plus card in hand. If you don't have one, they are available at customer service in the store.
2. Go to krogercommunityrewards.com and close the blue pop up that says pick a preferred store.
3. Click on Register (or Sign In if you've already set up Kroger online.)
4. Fill in the required information. When you put in the zip code, the Taylorville Kroger should come up as the selection. Agree to terms and conditions.
5. You'll get a message that says to check for an email, but you can finish signing up without leaving the current My Account page.
6. At the top of the page click on the Community tab, then select Community Rewards.
7. Click on Enroll now and fill in required information. (You must put something in for Home Phone. I put my cell number for Home and Mobile.)
8. When asked for the Non Profit Organization Number – ours is 11012.
9. You'll get a message that you've been successful.
10. You will get two emails from Kroger, but you don't need to do anything else to enroll in the Community Rewards Program.

This all should take less than 10 minutes. Once you are successfully enrolled, St. Mary's will get credits every time you shop. Unfortunately, we no longer get credits for fuel, gift cards, or liquor, but I'm hopeful that if all of our Kroger shoppers enroll, St. Mary's will continue to get great rewards from this program.

Call the school if you need assistance.

Thanks for your help!

Mrs. Robertson
